Up to 7 1/2 leaves may be hinged together and loose suites of 5 and 7 leaves may be used with care. Width of door leaves vary according to arrangements, refer to drawing for details. The half leaf is always hinged to jamb. With swing leaves on folding suites reduce door leaf widths to 800mm. Always engage holdback catch before operating. Track brackets usually soffit fixed. Universal soffit bracket designed for ease of fixing and versatility, additional brackets required where doors park when folded.

Hardware Specifications

- Steel top track galvanised to BS EN 101346
- Hangers have vertical adjustment
- Floor channel unnecessary under swing leaves
- Hangers are steel with ball bearings and lubricated for life

SPECIAL NOTE:

Particular attention should be paid by the joiner to leaf sizes and the use of Dimension A as shown.
