

## Flat Track 180

### Sliding & Folding Door Systems

#### Product Overview

The Flat Track 180 sliding hardware is a unique system ideal for barn conversions, cottages and renovations of listed buildings, where heavy rustic style doors are required to slide. The exposed hardware is extremely robust and is available in many finishes with a variety of hanger styles.

#### Features

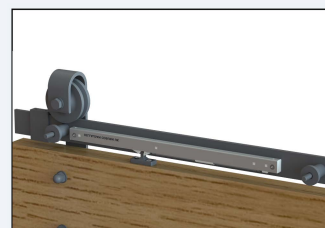

- Durable steel strap hangers run freely across a solid steel flat bar
- Anti-jump blocks prevent door from being removed from the track
- Soft closing available for doors up to 100kgs
- Variety of hanger styles and finishes
- Precisely machined steel wheels featuring sealed ball bearings that are lifetime lubricated ensure a smooth running system
- Hydrographic design applications available upon request
- For internal use
