Foldaside 50

Sliding & Folding Door Systems

Product Overview

The Foldaside 50 is a reliable hardware system purpose designed for internal folding doors up to 50kg per leaf. The end door within the set is secured using a pivot bearing whilst the other doors are aligned by means of unobtrusive hinges and hangers that bring the panels together.

Features

- For timber, timber framed or composite doors
- Neatly stacking to either one or both sides
- No recessed floor channel necessary with 2 or 3 leaf configurations
- A maximum of six doors can be hinged together
- Suitable for odd or even suites of doors
- Stable and smooth operation

Concealed hinge
