

Eternal 250 External Door Systems

Product Overview

The Eternal 250 top hung sliding door system is manufactured using cutting edge technology, which has been developed to maximise longevity of the sliding door system.

The system is ideal for heavy duty external sliding doors which are to be installed in locations where the severest weather conditions are prevalent and where doors are exposed to high levels of corrosion.

Features

- Tracks can be ceiling mounted or face fixed
- Suitable for timber, aluminium or metal doors
- Cast SS316 stainless steel hangers c/w delrin nylon outer wheels and precision stainless steel bearings ensure optimum corrosion resistance
- Smooth and silent running
- No recessed floor tracks necessary for timber doors

Technical Specifications

- Maximum door weight: 250kg
- Maximum door height: 4000mm
- Door Thickness: 35 55mm
- Track Dimensions: 51mm (w) x 55mm (h)

Floor mounted floor guide for timber doors

Wall fixed track c/w fascia, hanger & apron plate for timber door

Soffit fixed track c/w hanger for metal doors

Recessed floor guide and channel for metal doors

Unit 1, Cardinal West, Cardinal Way, Cardinal Distribution Park,

Godmanchester, Huntingdon, Cambridgeshire, PE29 2XN United Kingdom.
