

Trackless System - Sliding & Folding Door Systems

Trackless System

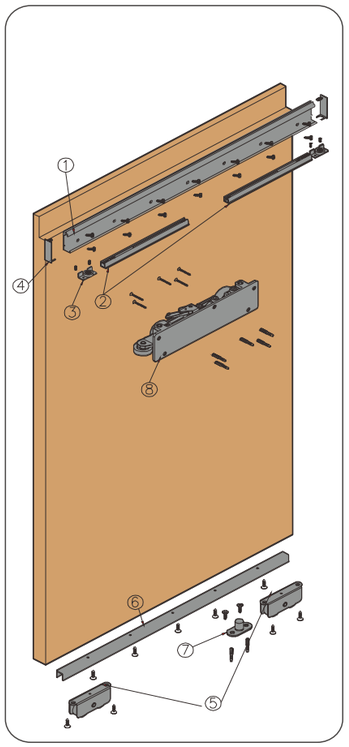

Sliding Door Systems

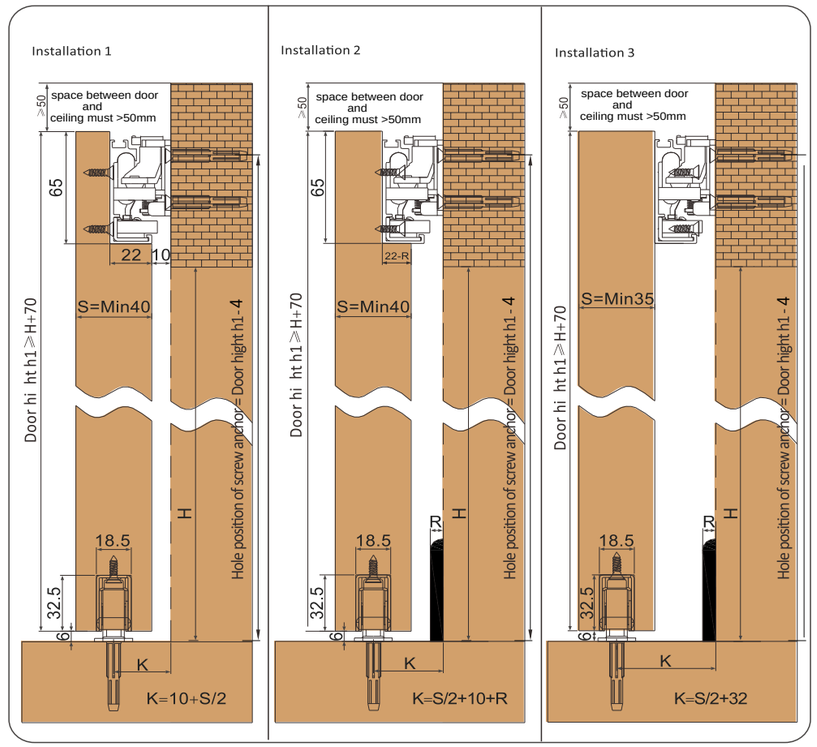

Product Overview

Coburn Trackless is a new innovative system allows aluminium track to be concealed behind the door, which gives beautiful designed doors and solutions. The system without top and bottom tracks allows the door to be installed at any height and offers the possibility of creating endless solutions. Also, offers 3-dimensional adjustment of the door.
Trackless design gives ideal solutions for walk-in-closets, wardrobes and wall niches.
