

Hideaway Sliding & Folding Door Systems

Product Overview

Hideaway is a sliding door framing kit suitable for plasterboard walls, created to conceal sliding doors within a wall cavity. Hideaway is able to recover the space normally occupied by traditional hinged doors and is a simple but perfect solution for lightweight sliding pocket doors.

Features

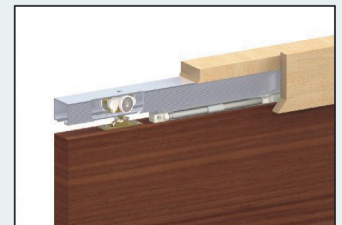

- Steel studs, fix to pre-assembled header provide maximum rigidity.
- Keyhole slots in aluminium track allow easy removal in unlikely event of this being necessary.
- Floor plate brackets provided to allow studs to easily slide over to ensure perfect alignment.
- Unique hanger locking clip enables easy fitting and removal of the door from hanger, if required.
- Flush pull handles and other accessories also available.
- Soft closing available.
- Simultaneous opening (synchro) optional.

Technical Specifications

- Maximum door weight: 90kg
- Maximum door height: 2743mm
